GRAFFITI UPDATE

Graffiti “artists” continue to plague the South Tacoma Business District, tagging buildings, light poles, newspaper boxes, USPS drop boxes, dumpsters, along with any other surface they decide to deface. The business district is pro-active in getting these tags covered up as soon as possible, but we need more “eyes and ears” to assist. Please call either Jim or Karen Rich at Guardian Security to report any sightings (253) 474-5855. The district works closely with the Tacoma Police Department to document the tags prior to covering them up. This could be helpful in the prosecution process.

BOARD MEMBER SPOTLIGHT

Karen Rich is co-owner of Guardian Security, located at 5424 South Tacoma Way. She and her husband Jim have worked together for the past 20 years.

Karen is the office manager and is in charge of accounting and marketing for the business. Jim is

the operations manager and supervises all service technicians. Prior to working at Guardian, Karen worked for a major wholesale distributor of locks and door hardware in the Seattle area for ten years.

Karen has been very active in the business district for the past 18 years. When Guardian moved to their present location in 1997, she attended a committee meeting for the Annual Classic Car Show. There she met other business owners and became invested in working towards making the South Tacoma Business District a more vibrant and consumer friendly area. She currently serves on the Executive Board as its Treasurer. She has held every board position over the past 15 years. When she was President, she became involved in the Cross District Association which is the governing body for all business districts in the City of Tacoma. She held the position of CDA President for three years in addition to being STBDA President. That gave her an opportunity to work with various City of Tacoma department heads and city council members, which has been a valuable experience. She often is the "go to person" for South Tacoma business owners who have questions regarding policies and procedures within the City of Tacoma.

Guardian Security provides physical security for both commercial and residential applications. They have six locksmiths, three automated gate technicians and one CCTV installer on staff. Guardian Security holds both General and Electrical Contractor licenses. Four of their technicians are low-voltage electricians, allowing them to integrate a variety of security systems. Guardian Security is also the "go to business" for the automotive industry, working on all makes and models of foreign and domestic vehicles. Most car dealerships and repair shops use their services.

Karen was born and raised in the Tacoma area. After graduating from high school, she attended college and studied accounting which led to her employment with a well-known Tacoma restaurant family. She was on their management team for ten years, supervising the front of the house and 30 employees.

Karen and Jim have five children, six grandchildren and one great-granddaughter all of whom live in the Puget Sound area. Karen and Jim live in the Town of Steilacoom, however, their major financial interests are in Tacoma.
